】 次の文は、日本のある町に住む中学生の正夫(Masao)がおこなった活動についての話である。これを読んで、あとの各問いに答えなさい。

Masao was in the science club at school. In May, the club students needed some medaka for a science study. The club teacher asked them to bring some medaka if they could catch the fish.

Masao told his father about it. His father said, "I think it's easy to find medaka. Let's go and catch some." Masao and his father looked into the small river near their house, but found no medaka. Then they went to another river far from their house. They tried hard and ⓐ (catch) the fish, but only a few. Masao said, "It's difficult to find medaka." His father said, "Years ago we saw a lot in rivers, but now we don't."

The other students in the club couldn't find any medaka. The club students understood that the number of the fish was getting really small.

After the study of medaka, Masao said, "We've seen few medaka around here. Why don't we have more medaka by keeping them in our school?" The club teacher said, "We may be able to build a small pond in our school garden." The club students studied the way of making a good pond for medaka.

The club students began to work together. They carried some sand and stones into the pond and brought a lot of water plants. At last they finished making their new pond. Then the students' medaka were $_{\textcircled{b}}$ (give) a new home.

Two months passed. One day in July, the club students looked at the pond. "The water plants have many eggs from our medaka!" said one of the students. Another student saw a big dragonfly near the pond. It was a new kind around there. The club students watched carefully and knew that many small animals were living in and around the pond. The teacher said, "The pond is now a place which is full of nature." Masao said, "If each of us has a small place for small animals, they will be back around us, won't they?" After hearing his words, the teacher and the other students told Masao, "You've said a good thing."

■解 説■

- 1 ②前に動詞の過去形 tried があるので、catch の過去形 caught にする。 ⑤受け身の文。give の過去分詞形は given。「生徒たちのメダカは新しい家を与えられた」 2 ①正夫とお父さんはメダカを捕ることはできなかった。 ②メダカの卵を見つけた。 3 本文11行目に The club students studied the way of making a good pond for medaka. とある。 4 ウ 先生がメダカを捕ってくるようにと指示した。→イメダカの数が減少していることに気づく。→エ池を作り、その中にたくさんの水草を入れる。→ア大きなトンボを見つける。 5 直前の正夫の言葉を参照。
- 2 1ウ「ミチコは今元気です」メールに「今は寝ていない」とあるので○。 2バスセンターは、ア「市民病院のとなり」×イ「CD店と本屋の間」×ウ「デパートの向かい」○エ「CD店のとなり」× 3トムは「日本中を旅行したい」、「今は週末に映画を観ることを楽しんでいる」とあるので、Mr. B があてはまる。
- ③ [A] 1 三 単 現 の The girl が 主語。 2 過去の文。[B] 1 「あなたは何人を家族の中に持っていますか」と考える。 2 make ABで「AをBにする」 [C] 1 単純未来の文。 2 Who は三人称単数扱い。
- 4 時制に気をつけて、中学時代の思い出を自由に英語で書いてみよう。難しく考えすぎずに平易な文を心がけること。単語のつづりの誤りに十分注意する。
